

Basic Music Production & Arrangement

Course duration: 1 hour x 10 weeks

Individual or Pair Group

Leon Leong
Course Instructor

Course Overview

Using Cubase, students will explore the process of arranging and putting together a piece of music. Students will learn how to use various instruments, the roles of the sounds in a piece, and understand how to use and edit the sounds to suit their compositions. At the end of the course, students will be able to record and export their own music pieces in mp3 or wav.
